Cigniti in Partnership with Atom has won the Testing Team of the Year Award at The European Software Testing Awards 2022

LONDON & HYDERABAD, India--(BUSINESS WIRE)--Nov. 29, 2022-- Cigniti Technologies, the world's leading AI & IP-led Digital Assurance and Digital Engineering services company, in partnership with Atom bank, UK's first app-based bank, has won the "Testing Team of the Year" award at The European Software Testing Awards (TESTA) 2022 in London. Atom bank, in partnership with Cigniti, was also chosen as a finalist in three categories, namely 'Best Test Automation Project – Functional', 'Testing Team of the Year', and 'Most Innovative Project'. TESTA celebrates companies, teams, and individuals who have accomplished significant achievements in the Software Testing and Quality Assurance space.

"This award is an outcome of the effective teamwork built around the ability to handle changing requirements, problem-solving skills, razor-focused delivery, and strong team ethos in helping our global clients like Atom bank in delivering reliable and frictionless user experiences to the end customers through software quality as a key enabler. Atom bank is one of Cigniti's strategic clients and this recognition is a testament to our deep rooted expertise in the AI, IP-led Digital assurance, automation, continuous testing, and quality engineering services for the banking industry and the UK market," says Srikanth Chakkilam – CEO, Cigniti Technologies.

"Atom is trusted with over £4.5bn of UK savers' deposits and our 4.7 Trustpilot rating shows the current high level of superior digital experience we have achieved. As a strategic Digital Assurance partner for over eight years, Cigniti has helped assure our digital transformation. I appreciate the contribution the Cigniti team has made to our success," says Andy Sturrock, CTO, Atom Bank.

Simon Dawson, Head of Engineering of Atom bank said, "Atom's app aims to set new standards for the banking sector with our pioneering digital technology allowing us to become faster, easier, and better value than anyone else out there. Over the years, Cigniti has helped us deliver complex programs of work, supported multiple concurrent initiatives, and implemented many testing innovations that have helped us improve the banking experience for our customers."

"The strength of our relationship with Cigniti is in the people, who are committed and motivated in delivering the quality that Cigniti brings to Atom," Simon added.
