Bloomberg**Cigniti Technologies Wins Bronze Stevie® and People's Choice Stevie® Award in 2023 American Business Awards®**

Cigniti Technologies, the world's leading AI and IP-led Digital Assurance and Digital Engineering services company, has won the Bronze Stevie® Award in the Low Code/No Code Platform category in the 21st Annual American Business Awards® for its AI-powered scriptless test automation platform, iNStaTM (part of BlueSwanTM suite) next-generation software testing platform.

Cigniti's iNStaTM has also been named a Winner of the People's Choice Stevie® Award for Favorite New Products in the No Code / Low Code category. The People's Choice Stevie Awards for Favorite New Products is a significant feature of The American Business Awards, allowing the general public to vote for their preferred new products and services of the year. This year, more than 41,000 votes were cast in the people's choice categories across product and service lines, making this recognition unique.

Cigniti's Chief Executive Officer, Srikanth Chakkilam and Chief Revenue Officer, Vinay Rawat, accepted the award at the gala presentation ceremony in New York City on 13th June 2023.

The American Business Awards (ABA) are the U.S.A.'s premier business awards program. All organizations operating in the U.S.A. are eligible to submit nominations – public and private, for-profit and non-profit, large and small. More than 230 professionals worldwide participated in the judging process to select this year's Stevie Award winners.

This prestigious award is a testament to Cigniti's unwavering commitment to democratizing test script creation across different browsers and devices, allowing clients to break free from vendor lock-in through its innovative visual model-based recorder. Cigniti has reaffirmed its position as a leader in AI and IP-powered Digital Assurance & Digital Engineering services by winning this award.

iNStaTM is a self-healing and ultra-accessible test automation interface that defines tests without writing code. It instantly enables building production-grade test automation suites and helps improve overall QA efficiency and effectiveness.

On receiving this esteemed honor, Cigniti's CEO, Mr. Srikanth Chakkilam said, "The Bronze win for our iNStaTM platform is an exciting moment for Cigniti and underscores our ongoing commitment to providing cutting-edge Digital Assurance and Digital Engineering services. This recognition highlights the incredible potential of our next-generation software testing platform, and we are elated to continue exploring new avenues to help clients break free from vendor lock-in. This award is a testament to our technical expertise and
